3. Edit the page

You may note that there are 3 sections for Slide Menu Editor: Menu Items, Slider, Slide Menu Items. **For Vertical Slider only Slider section is available to edit the page content.**

Moreover, there are 3 basic elements to know about this page type.

1. - To add a new image item or to duplicate the existing one click on this button
2. - "x" button will delete the image item you select
3. - To add an image for a specific item press on "Add Image"

When you click on the Add Image button you are redirected to the In-App Resources where you may upload from your PC, find from "Resource Search on Google" or "Resource Gallery" images you need.
