ePub Reader - Tutorial and Features
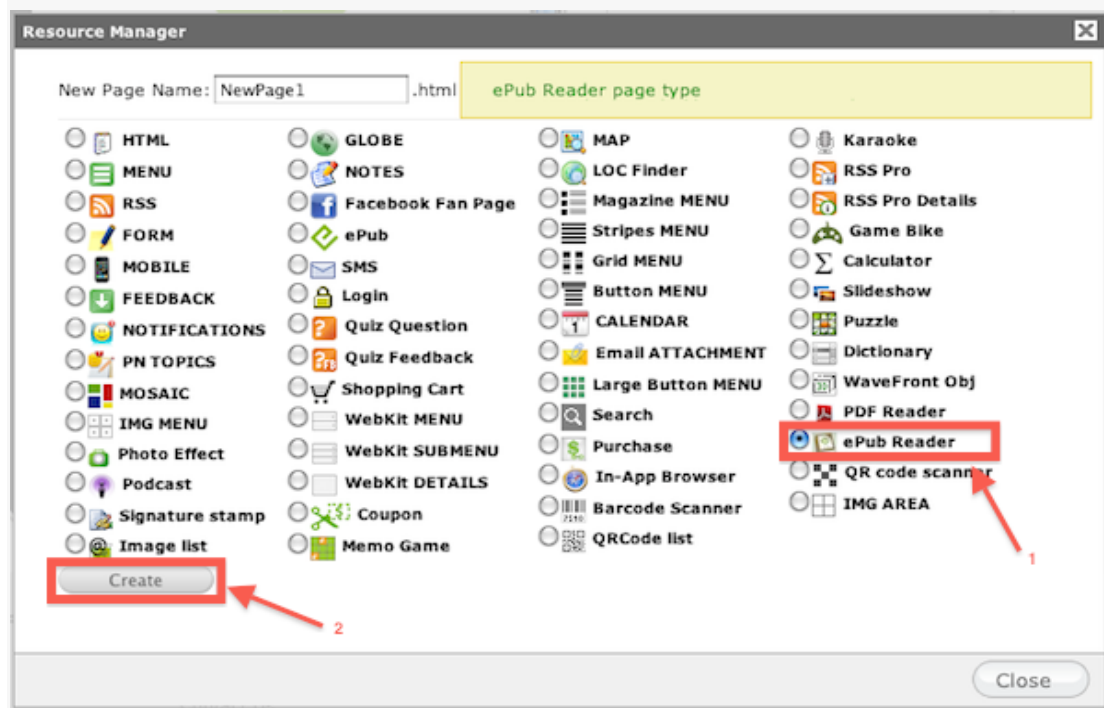

Because Apple iPhone, iPod Touch and iPad have become major platforms on which to read eBooks, AppsZero developers designed a new ePub reader page type with which we want to give similar experience in users reading process as modern eReader devices.
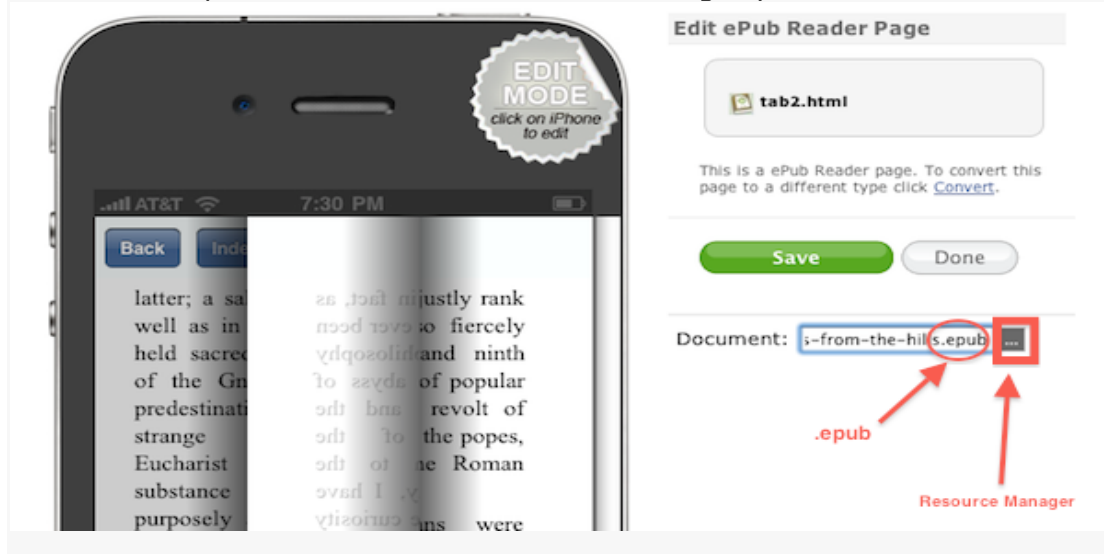

Now, it's very easy to add an eBook in your application

* Add a new page and choose from Page Type Resource Manager the "ePub Reader" page type.

* Upload your eBook to Resource Manager

***** The last step is to choose from Resource Manager your eBook.

**NOTE: Only *.epub* file type accepted.

And now you can check using AppsZero App on your mobile device how it looks.

Features:

AppsZero ePub Reader page type transforms your application into a book, with all properties of a modern eBook Reader dedicated device.
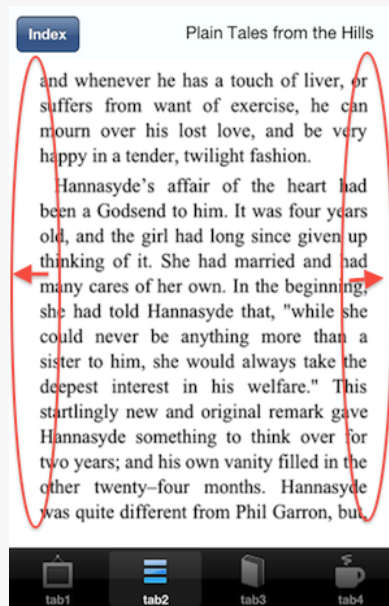

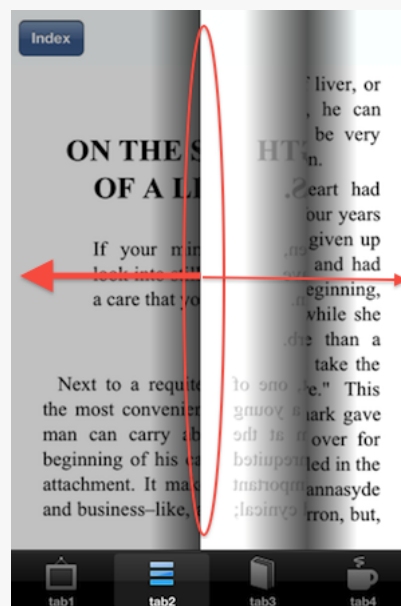

* You can choose the chapter

* Resume Reading

*** Swipe pages by tapping on the left/right part of the screen**

*** Swipe pages by sliding**

*** Landscape and Portrait mode supported.**

ON THE STRENGTH
OF A LIKENESS.

If your mirror be broken, look into still water; but have a care that you do not fall in.

Hindu Proverb.

Next to a requited attachment, one of the most convenient things that a young man can carry about with him at the beginning of his career, is an unrequited attachment. It makes him feel important and business–like, and blase, and cynical;
